MAINTENANCE REPORT
Maintenance Superintendent Brad Ewy stated they looked at replacing the faded bicycle signs on Main Street. Ewy asked if the signs could be removed instead of replaced. Council agreed there had been no accidents and bike racks were available on Main Street now. Staff stated they would check to see if an ordinance would be needed to rescind the bicycle signs.

Ewy provided a map of a possible sidewalk at the Back 9. The sidewalk would be placed in the reserve area. It was asked who would pay and maintain the sidewalk? Ewy stated they could possibly take $10,000 out of the street budget. Another sidewalk
option was along Lake Road, but it was very expensive. A sidewalk through the reserve property would be the most cost effective to tie into the golf course. Fowler stated there have been several people at the Back 9 wanting a pedestrian avenue to get into town. Ewy has not gone door to door to see how much interest there is in a sidewalk. It was stated that the City would need permission to put in the sidewalk. Council told the staff to pursue the sidewalk and get everything in writing. Attorney Parker will look to see if an easement is required. Council gave approval for Ewy and Oliver to start conversation with Lehner and the Homeowner’s Association and Attorney Parker will look at the legal aspect.
Ewy would like to purchase a steam clean pressure washer for around $3000 to try and get tar off of equipment.
